

2024 ELabNYC Bioscience Entrepreneur Schedule

R & D Masterclass February 13

This one-day course features pharma sharing their approach to R&D processes to inform and assist not only attendees own R&D efforts but also the timing and manner of their outreach to investors and pharma. Learn how to plan go-no go decision points that align with investment

ABCT & WCBA Pitch Day 2024 May 9

Presentations by founders of new healthcare ventures seeking to raise awareness, and/or secure funding, resources and partnerships. Attendees include investors, corporate sponsors and members of the life sciences ecosystem.

Sales & B.D. Masterclass September 18, 19

The masterclass is ideal for ventures seeking growth and profitability strategies to sell to customers, corporate partners, or recruit new team members.

Clinical Trials Masterclass March 13, 14

Learn from two tracks: 1) Introduction to Clinical Trials for first time clinical trial ventures. Develop a clinical trial plan. Leave with IRB, budget, timelines, and team templates to plan clinical trials 2) Best practices to achieve DEI including technology and community engagement.

Due Diligence Masterclass June 12, 13, 14

Attendees seeking to close pre seed, seed or Series A will gain templates including due diligence checklists, time frames, investor goals, expectations for 1st meeting & next steps. Two tracks: PreSeed/Seed, & Series A.
